FDD Abstract of [REDACTED]

PLANNED CONSTRUCTION FOR 1951 IN SACHSEN-ANHALT (7 pp; German; no date)

[REDACTED] 25X1X

This document is a typewritten copy of a report which lists in detail the construction projects planned in Sachsen-Anhalt for 1951 as part of the Five-Year Plan. The list is broken down into the following categories: a) machine-building industry; b) construction material industry; c) light industry; d) food industry; e) motor transport industry; f) streets and bridges; g) hospitals; h) rest and recuperation centers for workers and the "intelligentsia"; i) educational institutions (elementary schools, high schools, technical schools, etc.); j) administrative buildings (city halls, etc.); k) communal economic enterprises (power plants, waterworks, etc.); l) youth clubs and sports facilities; m) housing. Information is given under each of these categories as to the designation and total number of the projects to be constructed, and of this total, the number to be constructed by the factory or installation involved and the number to be handled by other construction firms 25X1A
